*Swachhta se Surakshan se Samruddhi*

“Cleanliness, Protection, Prosperity” — This way coming from us.

All types of cleaning services done by advance technology machinery.

No manual services.

We have trained employee staff.

Eco-friendly environment for our clients for an evergreen life.

Pocket-friendly charges.

### **Our Services**

Residential • Hospitals • Pest Control

Commercial • Industrial • Laundry (Heavy Duty)

Heavy duty laundry

Note: Laundry service is divided into three categories, each with different machines.

1. Residential service separate machine.
2. Hospitals service separate machine.
3. Commercial service separate machine.  
(Strictly no common use between categories.)

Companies use technology to effectively manage your property.

Our services include housekeeping and all services, front desk, and more.

We are specialized in all services as well as corporate clients in different fields which enables us to offer services as per your expectations.

We are fully capable to handle independently the working of all corporate sectors which is a challenge for us.

We use different types of cleaning solutions/liquids, special for human health.

We have all types of cleaning solution liquids, decided as per proper use for maintenance and property care. No harmful chemicals.

All services done by advanced technological machinery.

No manual service done by us.

**We specialize in personal house cleaning and offer comprehensive deep-cleaning services that leave your home spotless and hygienic. Try us once, and you will never try anyone else.**

### **Residential House Cleaning**

**We also provide daily personal home cleaning services (jhaadu–pocha).**

- Duplex homes
  - Row houses
  - Flats
1. House hall, bedrooms, kitchen, store, and flooring are cleaned using advanced technology machines with hygienic, home-safe liquids that are completely non-harmful.
  2. Utensils cleaning service

Daily utensil cleaning is done using our **advanced-technology machine** with hygienic, home-safe liquid.

**No manual service.**

Our utensil-cleaning machine is **specially manufactured by us**  
**(Not a dishwasher).**

### **Dishwasher vs. Our Machine**

- A **dishwasher** only sprays steam, liquid, and water-jet pressure, which does not clean utensils properly.
- In **our manufactured machine**, we use different types of brushes based on utensil size and design, ensuring thorough cleaning without fading or damage.
